How to read this document

The evidence of your service's practices, collected during the assessment, has been analysed to determine if each Element of the NQS has been 'Met' or 'Not Met' and rated at the Standard level in each Quality Area.

The information is organised by Quality Areas (i.e. QA1 to QA7). Each Quality Area includes:

A Quality Map of each Standard

This is a visual representation of your service's practices across the Standard. The highlighted descriptor reflects the analysis of evidence and indicates typical practice across each Standard during your assessment. This information can be shared with families to explain your rating at the Standard level.

Analysis notes of each Standard

In these notes the authorised officer can, if considered necessary, highlight particular practices that clarify or support their rating decision.

Quality Improvement notes and resources

These notes and resources aim to inform and support the cycle of continuous quality improvement of your service's practices. They can be considered for inclusion when you next update your service's Quality Improvement Plan.
